

ATTENTION NUNAVUT AND NORTHWEST TERRITORIES ARTISTS

Northwest Territories and Nunavut artists are invited to apply to have their products represented in the retail store of Canada's Northern House. Opening early December 2009, in Vancouver, British Columbia, Canada's Northern House is a visitors centre that will showcase the North as a whole to a world audience.

The retail store will sell a mix of northern products including fine arts and crafts, books, music albums, film productions and other unique items from the Northwest Territories and Nunavut. Its goal is to promote northern artists, create opportunities and provide access to new markets.

- ▶ To ensure there is no market disruption or competition, artists whose work is currently represented in other Vancouver galleries and stores are not eligible to apply.
- ▶ Works will be accepted on a consignment basis.
- ▶ To be considered, works and artists must meet the qualifications outlined in the Guidelines.
- ▶ Submissions will be accepted from now until the end of January 2010.
