

A Guide to Purchasing Art Supplies

for Nunavut Artists

Provided by the *Nunavut Arts and Crafts Association*

This resource was produced to provide artists and crafts people living in Nunavut with a list of tools and materials that can be ordered. In this directory you will find suppliers of arts and crafts materials and tools. Material and tool suppliers are organized by the discipline in which they are used. There is a numbered list of products at the beginning of each section, these numbers correspond to a particular product and are used in the second column of the directory to indicate which products are carried by an individual supplier. The directory also contains each supplier's contact information, accepted forms of payment, shipping and return policy.
